

## Steps to get your sports boat measured and onto the CBH rating system list.

1. Get your boat measured by an approved Australian Sailing measurer. Find one here: <https://www.sailing.org.au/accreditation-finder/>

The screenshot shows the 'Qualification finder' page on the Australian Sailing website. The page has a dark blue header with the Australian Sailing logo and navigation links: NEWS, ABOUT, INFORMATION & SERVICES, COMMUNITY, EVENTS, CONTACT. There are also social media icons and search bars for 'Find my AS Number' and 'Member Login'. The main content area is titled 'Qualification finder' and contains a search form with fields for Australian Sailing Number, First name, Last name, State, and Qualification framework. To the right of the form is a 'Qualification Finder' section with instructions and status explanations.

**Qualification Finder**

To check the status of a qualification or find someone who holds a qualification, enter their relevant details in the search fields provided.

Status explanations:

**ACCREDITED:** The qualification is within the accreditation period (not expired).  
Note: prerequisites (if applicable) need to also be current in order for an Instructor to be able to be assigned to a course. You can check the status of prerequisites by clicking on the VALIDITY button next to a qualification.

Prerequisite Status explanations:

- CURRENT: The prerequisite qualification is current (valid).
- COMPLETED: The prerequisite course has been completed.
- NOT VALID: The prerequisite qualification is **not** valid.
- NOT COMPLETED: The prerequisite course has **not** been completed.

2. After your boat has been measured the approved measure will send you the input sheet document with all the measurements and details.
